WASHINGTON, March 24.-Secretary Blaine this morning received a letter from

Governor Nicholls, of Louisiana, in regard

to the recent killing of the 11 Italians in the

jail at New Orleans, of which the following

the forcible breaking, on the 14th of this menth, of the jail of this city, and the killing of 11 persons confined therein under indictments found in the Criminal District Court for the parish of Orleans.

"You stated to me that it had been represented to the President by the Minister of Italy accredited to the United States, that among the killed on that occasion were three or four subj-cts of the King of Italy. The telegram disclosed an apprehension on the part of the Minister, evidently shared by the President, that the disturbance was a continuous

dent, that the disturbance was a continuous and swelling disturbance, which might involve the Italian subjects in Now Orleans.

"I have reason to believe that the hope expressed by the President, that I would cooperate with him in maintaining the obligations of the United States toward the Italian subjects, who might be within the perils of the excitement, and that further violence and bloodshed might be prevented, was based upon that belief. The President further expressed the hope that all offenders might be promitly brought to justice.

"On the 16th inst. I telegraphed you that there was no excitement in the city at that time, and that I saw no reason to anticipate

further trouble. I also stated that the action taken was directed against particular indi-viduals, and that the race or nationality of the

parties did not enter as a factor into the dis-turbance. A week has passed since the date of my last dispatch, and the opinion then enter-tained as to the termination of the trouble has proved to have been well founded. The men killed, as I have stated, were confined in prison,

under indictments found in the Criminal Dis-trict Court for the parish of Orleans; the Sheriff has made his return of the facts to that Court: the Judge thereof has charged the grand

jury, now in session, in regard to the matter, and the whole subject is, I assume, now under

President O'Neil Wants Them to Meet in Cincinnati Friday to Discuss Matters.

GRAVE DIFFICULTIES LOOM UP.

League Attorneys State That Ressrs. Prince and Wagner Have Some Very Solid Claims.

PLAYERS REPORTING FOR DUTY.

Good Prospects for Local Shooting Handloaps-Genera Sporting News of the Day.

Baseball matters in Cincinnati are not in | The Rest of His Life Will Be Devoted to good shape by any means, and it is probable that there will be lots of trouble there before anything is put in apple-pie order. The situation has been one so complicated that President J. Palmer O'Neil, who represents the National League in Cincinnati, vesterday ofternoon wired President N. E. Young at Washington, requesting him to call a special meeting of the League, to be held in Cincinnati Friday next, to have the matter thoroughly discussed. The truth is there have been gross misrepresentations made by some people regarding their claims in Cincinnati and as a result it is now quite apparent that Al. Johnson has not by any means such an absolute control of the Cincinnati club

as he represented to Mr. O'Neil. The latter yesterday afternoon made the following very significant statement: "I have just received a very important letter from the League atterneys in Cincionati which makes matters look quite mixed up in that city of hams and base ball troubles. Our attorneys tell me that they have seen papers which convince them that Al Johnson had no right whatever to sell the interests of Messrs, Prince and Wagner to the League without first and Wagner to the League without first consulting the two gentlemen named. Mr. Prime has advanced \$1.900 and Mr. Wagner about \$1.800 in the interest of the club and its grounds. Altogether their joint interests in the club amount to more than \$13.000, and our attorners point out that Mr. Johnson could certainly not sell out the club without first setting the claims of these two gentlemen. In other words, there has been gross misrepresentation made to us by somebody, and the matter will be probed thoroughly."

words, there has been gross misrepresentation under to us by somebody, and the matter will be probed thoroughly."

Local baseball authorities who are interested in the matter argue that Johnson must have known of the valid chaims of Alessis. Wagner and Prince all along. At any rate there will probably be a lively time before the matter is fixed up. Johnson has not yet received a cent from the League. He has a draft on President Young, but its payment has been stopped until the difficulty is cleared up. One thirg is certain, judging from the letter of the League's Cincinnatuattorneys, and that is that the League cannot get the regular ball grounds at Cincinnati until Messis. Wagner and Prince are settled with.

During the last few days another matter of importance has been discovered. After the deal with Johnson was unde by Mr. O'Nell the latter wired President Young for a League franchise for the club. President Young wired the other clubs, and soon discovered that the franchise had been granted to Mr. Brush notwithstanding the many reports to the centrary, Mr. O'Nell had then to open negotiations with Mr. Brush was quite willing to join with Mr. O'Neil and go ahead, but both gentlemen were at a loss to know what grounds to begin and get in condition owing to the claims of Messis Wagner and Prince. This was another cause for a special meeting of the League.

It could not be learned last evening whether or not a special meeting will be called, but President O'Neil claims that the business is of such an important kind that it cannot be settled

Had they played the local clubs there insead of the three matches they played against the garrison, the result might have been different. The garrison always had a very strong team, and none of the local ciuls singly can cope with them. Guly three matches were played, one the Philadeiphia lost easily by an played, one the Philadelphia lost easily by an inning and 97 runs, and the other two were drawn, one in favor of the garrison. The first draw was played at St. George, where the garrison scored 67 and 255 for seven wickers. The Philadelphias scored 196. The third match was played at Prospect, Hamilton. The Philadelphias scored 185 and the garrison 162 for nine wickers, when the ram fell so heavily that the game had to be abandoned. The principal scores made by the Phil gelphias were: F. E. A TELEGRAM was received in the city yesterday for George Smith, the Brooklyn shortstop. President of Neil thinks this means that Smith will play in Cincinnati and will pass through this city.

IT did not take Mr. Abell long to convince the Wagners that they stand no chance of getting Bierbauer and Stovey back as a condition of possible reconciliation. These players, ne explained, were formally awarded by the National Board and cannot figure in any negotiations for peace.

"MIKE" GRIFFIN, the great Baltimore out-fielder, has signed with the Brooklyn club. He had not signed with either Barnie or Wagner as some persons would have the public believe, but was free to sign with any club in the country. He was reserved by Baltimore, but when that city withdrew from the national agreement he was free, Griffin will play centerfield.

A Cock-and-Bull Election Story About Ex-President Cleveland Denied.

SPECIAL TELEGRAN TO THE DISPATCH. MASSILLON, March 24.—A highly colored story has been sent over the country from Canton and Alliance, which professes to give the heretofore untold inside history of the reason why ex-President Cleveland declined to assist in the defeat of McKinley last November, by in the defeat of McKinley last November, by lending his presence and delivering a few speeches in the district. The pith of the story is that Cleveland ignored all the pressure brought to bear upon him to come, and finally, in answer to an appeal from Governor Warwick, telegraphed that if Warwick would guarantee that he would have at least 2,000 majority in the district he would come, but he could not afford to injure his prestige by coming if the Democratic majority was likely to be materially reduced.

Governor Hill was then importuned and responded by making speeches at Canton, this city and Millersburg, and upon Warwick's election by 300 he wired Hill, thanking him for the result. A son of Warwick's and State Senator Howells, who were Mr. Warwick's condential aivisers in this campaign, characterize the story as ridiculous and utterly without foundation. Senator Howells denounces it as having probably been started by some drunken man. Governor Warwick is in California.
